I will check in and see what the process is to extend the due date for the amendment. I just hate to waste resources if not needed.

Its up to Lisa about the WP. I don't think there is more than a 50% chance I will know anything next Friday. But that means there is a 50% chance I will.

I can look into the extension. I can ask Nancy how that is done.

I could wait to hear until Friday, but then probably need to get things working (unless, Lisa, you want to/can give us an extension on the WP and budget).

For July, other than my planned vacation the week of the 4th, we are (currently) open.

Thursday afternoon. It is more likely that it will come up at the meeting and people will say something like we'll have to check and get back to you. That will take a week I bet. But I am

working next Friday and can tell you at that point if you can wait until Friday the 22nd

Michele,

What day next week is the meeting? I can hold off a few days before writing the work plan for the amendment (but no too much).

We'll gather our July dates.

We don't know. I do not think you should cancel it until we know its not going to be week June 20. That is the only possible week in June. If I offer that next week at the monthly meeting and they all scream no then that's that.

If Cadmus is not going to travel in May or June, then I may cancel the amendment. There's no reason to have Cadmus submit a budget and work plan if travel will be in the next option period.

We met with Mike yesterday and he is more interested in the trip being useful so May is certainly out. I am basing that on the fact that its April 15 and the public comment period has not opened on Round Mountain which is the next package due to come. The comment period is 30 days, then they have to respond to comments, and do something or nothing like they did to Arroyo Grande before it comes to EPA. Thus given that and your schedule for June, June 20 is the only week it sounds like it may even be possible I suggest we pencil that in for right now. This is going on the agenda for next week's meeting with the state and I can offer that time at the meeting.

If its not that week we are going into the following month and can you tell me when we might know when the option year will be exercised?

June is filling up:

May 30 - June 10: Anna on vacation

June 14-16: CCS conference in Virginia

June 28-29: Anna in Harrisburg, PA for a Source Water Protection meeting.

If we can't do May, it may need to be the week of June 20 -- I have a personal conflict, but can work around it if needed. ☹

Please clarify the conflicts for last two weeks of June as it is quite unlikely we will make a trip in

early to mid May.

That week won't work, as Anna is on vacation May 30 through June 10.

Our availability:

- We're pretty open the first 4 weeks of May.
- The week of June 13 is good.
- The last 2 weeks of June may have some conflicts for each of us. The contract year ends June 30.

Hi Lisa,

We just got the amendment to WA 62 to add the trips. Thanks for your speediness.

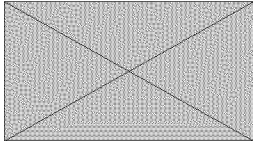

Michele, can we start solidifying the dates so Anna and I can make travel plans?

I'll get started on the WA paperwork to respond to the amendment today.
